German Genealogy Research Special Interest Group 10:00 - 12:00

**Third Wednesday of the Month
Bill Price Room
Mission Viejo Library**

We will present and discuss techniques
on *German Genealogical* research.

We will discuss ways to find from which
towns our ancestors came.

We will discuss what sources are
available for each of our ancestors'
towns.

We will define *Germany* and the areas
which have become *Germany*, those that
were lost from *Germany*, those to which
Germans immigrated and how those
changes affected the ancestors in each
of our family trees.

This is an opportunity to share and gain
knowledge about *German Genealogical*
research.

Beneficial if you bring your laptop
computer but not required.
