

Legacy Users Group

Are you currently using the Legacy Family Tree program for your personal genealogy research? Would you like to learn how to use this award-winning software?

Join our Legacy Users Group, which meets from 10:00 a.m. to 12:00 noon on the third Thursday of each month in the Saddleback Room in the Mission Viejo City Hall (across the plaza from the Mission Viejo Library.) This monthly meeting provides a regular forum for anyone interested in learning about the new Version 9 of the Legacy Family Tree program -- whether you are a beginner or you are already using the Legacy genealogy software. This is an informal meeting where you can share ideas and learn from other people with experience using Legacy. The meeting includes live demonstrations on how to use the Legacy software, as well as time to address specific questions or problems. Registration is not required -- feel free to drop in and out of the group as you like. Bring your laptop computer to the meeting to get the full benefit -- power and wi-fi are available in the meeting room.
